11.35-12.35	World Café	All	
12.40-13.10	Wrap up and closing	Giso Schmeisser, Germany	
13.15-14.15	Light lunch		

World Café

The World Café is a process where people come together in a space similar to a café. Participants are split into groups as many as there are questions to be answered. Participants sit at the table. Each table is attended by the host. The role of the host is to maintain lively but focused discussion so that he/she gathers as much as possible ideas and answers on presented question. Series of discussion rounds take place, each lasting approximately 20 minutes. After 20 minutes, participants switch tables. Coming to the next table, they meet the new host and discuss the question presented by the host of the table. The conversation takes place. The questions being explored are different and aimed to address core issues kept important by the organiser.

This years' EASOM Summer School World Café will be focused to improve the work of EASOM. All participants will be asked to express and share with others their opinion and vision about future development of and further actions of EASOM.
