2020 EASOM SUMMER SCHOOL

Belgrade (Serbia), 27th-29th August

FIRST ANNOUNCEMENT and WELCOME

It is our pleasure to invite you the **XX European Association of Schools of Occupational Medicine (EASOM) Summer School** to be held in **Belgrade, August 27th to 29th 2020**.

The theme of this year's EASOM Summer School will be "*Teaching Occupational Medicine to Undergraduate Students of Medicine: Needs, Methods and A Way Forward*", covering a broad range of topics connected to this main theme. The topics range from overviews of current needs and competences occupational medicine, to methods of teaching and knowledge assessment.

EASOM Summer School 2020 will be hosted by the **Faculty of Medicine of the University of Belgrade**. The University of Belgrade was founded by Dositej Obradović, the first Serbian Minister of education in 1808 as a College, becoming the alma mater of nearly all the universities throughout Serbia, Montenegro, Bosnia and Herzegovina, and Macedonia. This year, the Faculty of Medicine is celebrating its 100th anniversary, and it is our great pleasure to share our celebration with the XX EASOM Summer School participants.

The participants will have a chance to hear the latest information about teaching occupational medicine, to take part in the panel discussions, but also to enjoy the most beautiful sites of the **City of Belgrade**, try some of the traditional and modern Serbian specialties, and appreciate what the Lonely Planet describes as: "*Outspoken, adventurous, proud and audacious: Belgrade is by no means a 'pretty' capital, but its gritty exuberance makes it one of the most happening cities in Europe. While it hurtles towards a brighter future, its chaotic past unfolds before your eyes: socialist blocks are squeezed between art nouveau masterpieces, and remnants of the Habsburg legacy contrast with Ottoman relics.*"

We are looking to see you at Belgrade,

Prof. Dr. Petar Bulat
